

AUTUMN DEALS TO SPARK YOUR INTEREST

SPECIAL OFFERS

Valid until 20th Dec. 2013

NEWS NEWS NEWS

Sparks Lab Supplies have been re-appointed as a supplier of laboratory consumables to all Irish Colleges and Institutes participating in the 3rd Level Collaborative Agreement for Lab Supplies (2013-2015).

Sparks are approved to supply Glassware, Plastics, Liquid Handling, General Consumables and Safety Products.

Here we highlight some of our best-selling lines, as well as outlining some Autumn Special Offers which will be valid until 20th December 2013.

We would welcome an opportunity to quote for future business at your laboratory.

- **No sample contamination from filter**
Use of virgin high quality hydrophobic polyethylene filters without additives
- **No pipette contamination**
Restrains aerosols and liquids (vaporious, radioactive, biohazardous or corrosive samples) through micropore filter technology (MPS technology, filter pore size 8-10µm)

- **Secure fit and simple ejection of tip**
Optimised cone geometry with wide sealing zone
- **Quick and simple volume check**
Graduation marks on tip
- **Precise pipetteing without loss of sample**
Conical tip outlet prevents drop formation at the outlet opening of tip
- **Elimination of risk of sample contamination**
Tips manufactured from autoclavable, non wetable, virgin polypropylene
- **Fully compatible**
Compatible with Gilson, Eppendorf, Biohit, AHN Bio and most other brands of pipettes
