

SEASONAL OFFERS

from Sparks Lab Supplies

Valid until 31st January 2015

News News News

Sparks Lab Supplies continue to grow from strength to strength, adding quality brands and products from around the world.

We are delighted to launch the Abdos Labtech range of consumables and labware, by offering promotional discounts of up to 50% on some of this product range. These SPECIAL OFFERS must end on 31st January 2015, so hurry and grab a bargain.

Also highlighted in this brochure are some of our best-selling lines of lab consumables from around the world - AHN Bio, ALP, Gilson, Glove Plus, Kima, LP Italiana, Ramboldi, SLS, Vitlab and Whirl Pak.

ABDOS

Micro Pipette Tips

Abdos Micro Tips are manufactured using high purity virgin polypropylene. All Abdos Micro Tips are DNase, RNase and Pyrogen free. High clarity and finer tip orifice makes the tip more suitable for molecular biology and precise applications. Perfect airtight grip on pipette by inner radial rings for accurate pipetting. The orifice is precisely centred for directional accuracy. Can be autoclaved.

They are compatible to the following brand of single & multi-channel pipettes:

- Eppendorf Research Pro, Research & Reference
- Thermo Finnpipe
- Biohit Proline, M-Line & E-Line
- Gilson Pipetman
- Hamilton
- Rainin
- Brand
- Socorex

Micro Pipette Tips (Bulk Packed)

Packed in bags of 500 or 1,000 and presented in shrink wrapped boxes, to preserve quality and to help with storage.

Pipette Controller - Vitlab Pipeo

VITLAB®

Pipette controller with battery charger, battery, Battery compartment cover, 2 spare membrane filters (0,2 µm) and operating manual.

- Comfortable
- Quietly with minimum vibration
- Pipette adapter
- Precise
- Sufficient reserves
- Membrane filter

The replaceable adapter provides secure attachment of pipettes, from 0.1 to 100ml. A 0.2 µm hydrophobic membrane filter and a built-in check valve protect against liquid penetrating inside.
