## CENTRIFUGE TUBE SOLUTIONS

### Abdos Centrifuge Tubes

- Suitable for both research and clinical applications due to its superior clarity and high G-force.
- Low extractable and leaching.

[Click Here](#)

### Sterile Centrifuge Tubes in Bags PP/HDPE Sterilised

Large white frosted portion for easy writing. Silk-Screen graduation makes identification easy. Built in plug in the cap makes it leak proof. Free from natural rubber and heavy metal. Maximum RCF 12,000 to Maximum RCF 14,000. Can be autoclaved. DNase, RNase and Pyrogenfree. Sterilised by irradiation.

Code	Description	Pack	€ List Price	€ Offer Price
P10402	15ml Centrifuge Tube, conical bottom	500	<del>68.25</del>	<b>54.50</b>
P10404	50ml Centrifuge Tube, conical bottom	500	<del>68.25</del>	<b>58.33</b>

### Reversible / Twist Rack with Cover, PP

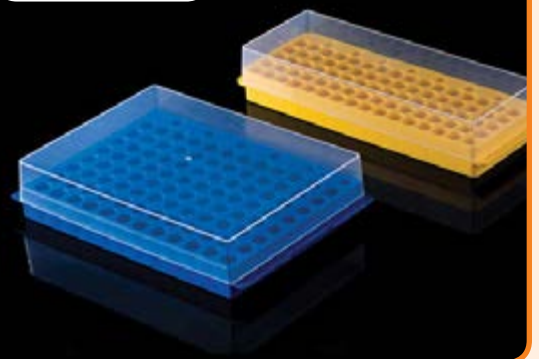

Supplies as either 80 place or 96 place racks. Each rack holds 1.5 / 2.0ml micro centrifuge tubes on one side with smaller positions for 0.5ml tubes, and the other side holds 0.5ml micro centrifuge tubes with larger positions for 1.5 / 2.0ml micro centrifuge tubes. The racks have moulded indexing for easy reference of tubes and vials. Can be autoclaved. Supplied in a pack of 6 racks – assorted colours.

The 80 place rack has a 16 x 5 array with dimensions of 240 x 85 x 50mm

The 96 place rack has an 8 x 12 array with dimensions of 220 x 150 x 50mm

**All Abdos Micro Tips are of the highest quality - DNase, RNase and Pyrogen free.**

## MICRO PIPETTE TIPS

Abdos Micro Tips are manufactured using high purity virgin polypropylene. High clarity and finer tip orifice makes the tip more suitable for molecular biology and precise applications. Perfect airtight grip on pipette by inner radial rings for accurate pipetting. The orifice is precisely centred for directional accuracy. Can be autoclaved.

They are compatible with the following single & multi-channel pipette brands:

- Eppendorf Research Pro, Research & Reference
- Hamilton
- Thermo Finnpipette
- Rainin
- Biohit Proline, M-Line & E-Line
- Brand
- Gilson Pipetman
- Accumax

### Micro Pipette Tips (Bulk Packed)

Packed in bags of 500 or 1,000 and presented in shrink wrapped boxes, to preserve quality and to help with storage.

## SpeciGard Biohazard Bags by Minigrip

New Improved Speci-Gard Bag (with separate outside pocket for documents) are designed for use in Hospitals and Laboratories. This is the only bag featuring the patented Press and Close adhesive systems. Simply peel away the release liner and press to close. Once closed, the bag stays closed, even in pneumatic tube systems.

This Speci-Gard bags has an EZ Open TearZone opening. No more perforations that can leak. No more difficult to open score lines. If specimen containers leak, TearZone won't - saving money on clean-up! Open the bag at the TearZone area and the biohazard symbol is destroyed! Discard uncontaminated bags in regular waste for significant cost savings.
